The Company has established the restricted stock remuneration plan (the "Plan") and a performance-linked stock remuneration plan as remuneration plans to provide medium- to long-term incentives and sharing shareholder value to Directors, Executive Officers, and Employees in positions of a certain grade or higher at of the Company or its subsidiaries (the "Subject Officers, etc.").

The purpose of the Issuance of New Shares is to grant shares with the restriction on transfer to the Subject Officers, etc. in accordance with the Plan.

The Compensation Committee of the Company and the Board of Directors of the Company's subsidiaries held today resolved to grant monetary remuneration claims to the Subject Officers, etc. as the property to be contributed in kind for the Issuance of New Shares.

The overview of the Plan and other details are the following.

[The overview of the Plan]

The Subject Officers, etc. shall pay all the monetary remuneration claims paid by the Company and its subsidiaries (hereinafter collectively referred to as the "Subject Company") under the Plan as the property contributed in kind and receive the issuance or disposal of shares of the Company's common stock.

The payment amount per share of the Company's common stock to be issued or disposed by the Company to the Subject Officers, etc. under the Plan shall be the closing price of the Company's common stock on the Prime Market of the Tokyo Stock Exchange on the business day prior to the day of the Board of Directors' meeting of the Company to resolve the offering of such shares (or, if no trading is conducted on the same day, the closing price of the immediately preceding business day).

In issuing or disposing of shares of the Company's common stock under the Plan, the Company shall conclude an allotment agreement of shares with restrictions on transfer (hereinafter referred to as the "Allotment Agreement") with the Subject Officers, etc. The details of the Allotment Agreement shall include (i) that the Subject Officers, etc. shall not transfer the ownership, grant of security interest, or dispose of the shares allotted under the Allotment Agreement for a certain period of time, and (ii) that the Company shall retrieve such shares at nil cost in the case that certain events occur.

Considering such factors as the need to provide incentives to improve business performance and to further share value with shareholders by raising the awareness of each of the Subject Officers, etc. with respect to the stock price, and the scope of responsibilities of each Subject Officer, etc. and the ratio of stock-based remuneration to total remuneration for the Subject Officers, etc., the Company has decided to grant a total of 195,817,820yen in monetary remuneration claims (hereinafter referred to as the "Monetary Remuneration Claims") and 32,582shares of the Company's common stock to the Subject Officers, etc..

In the Issuance of New Shares, the 46 Subject Officers, etc., who are the scheduled allottees, shall pay all the Monetary Remuneration Claims granted by each Subject Company as contribution in kind and receive the issuance of the Company's common shares (hereinafter referred to as the "Allotted Shares") in accordance with the Plan. The overview of the Allotment Agreement is as described in section 3.

3. Overview of the Allotment Agreement

(2) Conditions releasing the restriction on transfer

Restriction on transfer of all the Allotted Shares shall be released upon the expiration of the restriction period on the condition that the Subject Officers, etc. continuously hold the position of a Director or an Executive Officer of the Company or its subsidiaries, or the position of employee at the Company or its subsidiaries in a certain grade or higher that was held at the time of this Agreement (hereinafter referred to as the "Entitlement") during the Period of Execution of Duties (from the annual general meeting of shareholders to be held on March 29, 2022, to the conclusion of the annual general meeting of shareholders to be held in March 2023 (from January 1, 2022, to the end of December of the same year for employees of the Company or its subsidiaries).

- (ii) Number of shares subject to the release of the restriction on transfer

The number of shares subject to the release of the restriction shall be the number obtained by multiplying the number of the Allotted Shares held at the time of the forfeiture of Entitlement by the number obtained by dividing the period of service (in months) of the Subject Officers, etc. in relation to the Period of Execution of Duties by the number of months (12) (provided; however, that the number shall be one (1) in case the number obtained by the division exceeds one (1), and any fraction less than one (1) share resulting from the calculation shall be rounded down).

(4) Retrieval of the Allotted Shares at Nil Cost

(5) Control of shares

The Allotted Shares shall be managed in a dedicated account opened by each of the Subject Officers, etc. at a securities company during the restriction period so that they may not be transferred, grant a security interest, or otherwise disposed of during the restriction period. The Company has entered into an agreement with a securities company in relation to the management of the account of the Allotted Shares held by each of the Subject Officers, etc. in order to ensure the effectiveness of the restriction on transfer. The Subject Officers, etc. shall agree to the details of the management of the account.

(6) Reorganization

In the event during the restriction period that the Company's General Meeting of Shareholders (or Board of Directors meeting, unless approval at the General Meeting of Shareholders is required) approves a merger agreement in which the Company becomes a dissolving company, or other reorganization proposals which makes the Company a wholly-owned subsidiary, such as a share exchange agreement or share transfer plan, the restriction on transfer shall be released for the number of shares obtained by multiplying the number of the Allotted Shares held at that time by the number obtained by dividing the number of months from the month including the first day of the Period of Execution of Duties to the month including the date of such approval by twelve (12) (provided, however, that the number shall be one (1) in case the number obtained by the division exceeds one (1), and any fraction less than one (1) share resulting from the calculation shall be rounded down) immediately before the commencement of the business day before the day such reorganization becomes effective.

4. Basis of calculation and specific details for the payment amount

The Issuance of New Shares to the scheduled allottees shall be conducted using the Monetary Remuneration Claims paid as the Subject Company's fiscal 2022 restricted stock remuneration under the Plan as the property contributed in kind. The issue price is set at the closing price of 6,010yen on April 12, 2022 (the business day prior to the day of resolution by the Board of Directors) for the shares of the Company's common stock on the Prime Market of the Tokyo Stock Exchange in order to eliminate arbitrariness. We believe that it is reasonable and does not constitute a particularly favorable price.

(For reference)

For non-resident Subject Officers, etc., for whom the grant of restricted stock is difficult, cash remuneration linked to the Company's stock price and the like (Phantom Stock), which has the same economic value as restricted stock, shall be granted instead.
